## Farm Challenge

Staff Reporter

The finale for CASAfest was the Farm Challenge where teams had to travel in a wool sack, carry water through obstacles, slide with an egg, build a pen then shepherd an unruly mob into it, before carrying one of their team over the finish line.

## It's Over

Staff Reporter

A strange silence has fallen over Hurunui College. A few papers blowing in the warm breeze, some shattered staff wandering dazed round the grounds and students wanting to go home early is all that remains of the fun, excitement, madness, competition and sportsmanship that pervaded the school over the last three days.

We look forward to meeting new friends in Oxford for CASAfest 2006. Ka Kite !!
