Canterbury Inter-school Chess Competition

Dear Parents / Guardians,

Your son / daughter have indicated that they would like to be part of the Canterbury Inter school chess competition.

There are several chess events both competitive and social in teams and individual competitions. These are explained overleaf.

There is a small cost for each player and this varies dependent on the competition. The *Social* and the *Competitive* Event costs \$17.50 (\$7.50 registration fee per player and \$10 Petrol contribution).

If the competitive teams make it through to the top, they will then proceed to the NZ Chess Federation Competitions in Term 3 and travel organisation and expenses will be decided closer to the time.

We are looking for parents to assist with transport to and from the chess events. This will also require you to stay with the team. If you're happy to assist we will provide petrol vouchers for each trip. Please indicate your interest on the return slip below.

The draw and venues will come home as soon as we receive it, but for now if you could please complete the permission slip below and send the relevant fees to the office.

Please email me or leave a message through the school office if you have any enquiries st@hurunuicollege.school.nz

Regards,
Sonia Talivai (Teacher organising chess)

Please return to the office with the correct payment by Monday 22nd May 2017

I give permission for _____ in Year _____ to compete in the Inter schools Chess competitions.

I am happy to assist with supervision and transport to a chess event. Yes / No
